SpectroLED INTRODUCTION

THANK YOU FOR CHOOSING GENARAY

The SP-S-800BD and SP-S-1200BD are barndoor attachments for Genaray's SpectroLEDs Studio 800- and 1200-LED lights. The ability to shape the light is essential to any lighting system in order to adjust the direction, spread, and intensity of the beam.

The 4-leaf barndoor attachment fits onto the light fixture in seconds. It shapes the beam of your fixture and minimizes light spill, while the silver intensifiers furnish a punchy and specular light.
