WHAT'S IN THE BOX

- 1.** Two satellite speakers
- 2.** One subwoofer with power cable
- 3.** USB cable
- 4.** User documentation

CONTROLS

1. Volume

Adjust volume up and down with volume key.

2. G-key

Press G-key to dim the brightness of the LED lights from 100% to zero. Customize G-key through LGS.

3. Bluetooth

Hold *Bluetooth* button down for 3 seconds to pair with your *Bluetooth* enabled device.

4. Power

Turn speakers on and off.

5. Headphone jack

Use headphone jack on back of right satellite to connect wired headphones to G560.

SETUP

1. Connect left and right satellites to subwoofer.
2. Plug power cord in to AC power outlet.

USB CONNECTION

[www.logitechG.com
/support/g560](http://www.logitechG.com/support/g560)

1. Connect to PC/laptop with the USB connection to take advantage of full lighting and sound experience with LGS Software.
2. Go to www.logitechG.com/support/G560 to download the latest LGS software.

BLUETOOTH® CONNECTION

For wireless streaming,
use the *Bluetooth* connection

1. Press and hold *Bluetooth* button located on the back of the right speaker for 3 seconds.
2. Under *Bluetooth* settings on your device select G560 Gaming Speaker.

3.5MM CONNECTION

1. For the 3.5mm connection use the port labeled AUX on the back of the subwoofer (3.5mm cable not included).
